

## KII AUDIO KII THREE ACTIVE SPEAKERS

From the brain of Bruno Putzeys, the Kii THREE active speakers utilize a unique Active Wave Focusing Solution to create a very even, detailed sound in any room, regardless of size.

Kii THREES break the mold for compact speakers with their 6 drivers working in tandem to create a sound only though possible in large floorstanding speakers.

Available now from The Sound Organization starting at \$17,045/pair
