

QUADRASPIRE Q4 EVO AUDIO RACK

The Q4 Evo is the original stage to bring your hi-fi to life. The Q4 Evo audio rack combines solid aluminum columns with bamboo shelves engineered to deliver a clearer, cleaner musical experience. Each shelf is designed to reduce mass and resonance, improving performance of your whole system.

With multiple wood finishes, column dimension, feet style, and shelf widths, you can fully customize your Q4 Evo to match your decor and style.

The Q4 Evo features:

- Three shelf widths to choose from: Q4L (23.24"), QAVM (42.75"), and QAVX (65")
- Each shelf holds up to 175 lbs (Q4L), 220 lbs (QAVM), or 615 (QAVX)
- All shelves made of sustainable bamboo (besides glass options)
- Choice of Black or Silver columns in two different diameters (19mm or SV32mm), and 6 different heights
- Choose from Spike feet, Flat Feet, or Casters
- 6 wood and 2 glass finish options
