XREFERENCE

HiFi components can produce and absorb energy that has a detrimental effect on sound. Our HiFi racks are designed to reduce resonance to deliver a clearer, cleaner musical performance. This is achieved through use of non-ferrous columns and wood shelves engineered to eliminate parallel lines and thereby reduce standing waves.

Features

- » Modular design to accommodate a variety of systems and upgrades.
- » Feet & Columns available in Black or Silver and up to 6 different heights.
- » Shelves available in Cherry, Oak, Maple, Dark Oak, Black or Bamboo.
- » Optional extras:- Bronze Upgrade, Sound Enhancers and Wall brackets

QPLUS Reference

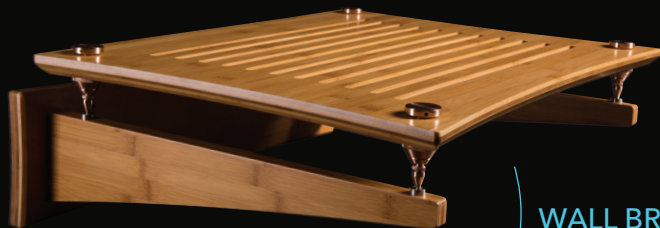

Where one of our HiFi racks is not an option, transform your furniture into a HiFi rack using a Qplus acoustic interface. HiFi components can produce and absorb energy that has a detrimental effect on sound. Our Qplus acoustic interfaces are designed to mimic our racks that reduce resonance to deliver a clearer, cleaner musical performance.

Features

- » Easy to use - just place under each foot of your component.
- » Qplus mimics the performance of our Q4EVO HiFi rack
- » Qplus Advanced mimics the performance of our SVT HiFi rack
- » Qplus Reference mimics the performance of our Xreference HiFi rack

Quadraspire

... a pleasure to the eye and delight to the ear.

Quadraspire was established in 1995 by Dutch designer Eddie Spruit when it launched the original Q4 HiFi rack. Since then Quadraspire has established a reputation around the world as being at the forefront of HiFi rack design with its range of performance HiFi racks and Acoustic Interfaces. Today, Quadraspire has its manufacturing facility south of Bath where all design and manufacturing is carried out in house.
